

# Attention all Pool Users

## Inclement Weather Procedure

**For the general safety of pool users and lifeguards the pool will be closed when weather conditions restrict trained lifeguards to clearly see the bottom of the pool, see across the pool, and/or when weather conditions present a danger for outdoor pool use to continue. The decision to close will be the sole discretion of the lifeguards on duty.**

**Weather conditions may include but are not limited to:**

**Lightning | Thunder | Hail | Heavy Rain | High Winds**

**Tornado Warning | Icy Conditions | Fog | Steam**
