Coronavirus (COVID-19) Update

Cosumnes CSD · 10/8/20

Sacramento County has officially moved to the State's less restrictive Red Tier 2 (substantial) effective September 29. The latest [Public Health Order](#) continues to reinforce the direction that all individuals carry on with social distancing protocols and use face coverings. [Outdoor community playgrounds](#) are now permitted for use with social distancing to help support a safe environment for children and families.

When using your community parks, playgrounds and trails, please heed the following guidelines:

- **MAINTAIN DISTANCE.** Always maintain physical distance of 6 feet from those outside of your household unit. If the area is too crowded, try another spot or go home and try again at another time.
- **WASH HANDS.** Wash or sanitize your hands before and after using the playground or park equipment.
- **WEAR A MASK.** While using the playgrounds, everyone 2 years and older should wear a mask covering their nose and mouth at all times.

KNOW WHEN TO STAY HOME. Stay home if you are sick. People at increased risk for severe illness should avoid playgrounds when others are present. Thanks for doing your part to keep Elk Grove healthy.

Keep Your CSD Clean and Green

The Cosumnes Community Services District (CSD) has been authorized by the California Water Quality Control Board and the federal government to conduct a storm water pollution prevention program at its properties and facilities in southern Sacramento County, including the 96 parks it operates in Elk Grove.

What You Can Do To Help

Don't Litter

Litter like plastic bottles, fast food wrappers and cups tossed on the ground can carry germs and bacteria.

Report Illegal Dumping

If you see someone dumping trash in one of your CSD parks or an undeveloped site of a future CSD park, call our 24-hour maintenance hotline at (916) 405-5688.

Pick Up After Your Pet

Pet waste contains disease-carrying bacteria that can pollute our drinking water. Pick up after your pet and remind others to do the same.

Put Your Butt in the Trash

If you're a smoker, always put your extinguished cigarette butts in the trash.

Mind the Drains

Keep litter, pet wastes, leaves and debris out of street gutters and storm drains. Dispose of used oil, antifreeze, paints and other household chemicals properly—not in storm sewers or drains.

COSUMNES FIRE DEPARTMENT

Fall Activity Guide 2020

COSUMNES CSD FIRE CHIEF MICHAEL MCLAUGHLIN RETIRING

Cosumnes Community Services District Fire Chief Michael McLaughlin, a 32-year veteran of the fire service who has served the district for six years, will retire in December.

McLaughlin began his career with Contra Costa Consolidated Fire, and then served with South Lake County Fire, Lawrence Livermore Fire, and City of Merced Fire before joining the Cosumnes Fire Department in 2014 as Deputy Fire Chief. He was appointed to Fire Chief in 2017.

While upholding responsibility for the department's \$56 million budget and over 200 personnel, McLaughlin has served as an executive board member for the California Fire Chiefs Association where he serves as its Legislative Director and Legislative Task Force Chairperson. In this role, he is a key advocate for public safety and efforts in the areas of behavioral health, community paramedicine, and wildland fire.

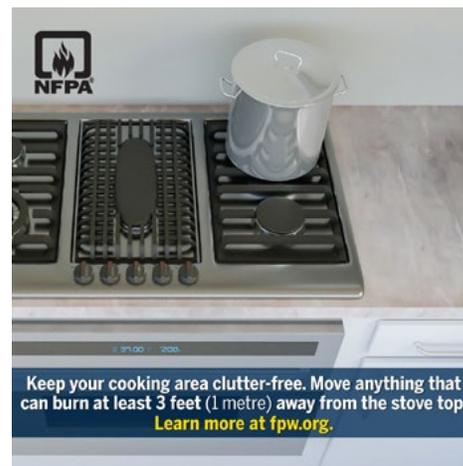

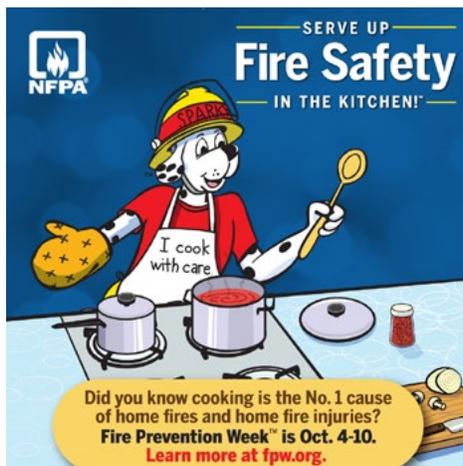

Under his leadership, the department secured a Staffing for Adequate Fire and Emergency Response (SAFER) grant to restore eight positions that were lost during the recession and an Assistance to Firefighters (AFG) grant to replace all self-contained breathing apparatus.

In addition to his duties as Fire Chief, McLaughlin co-founded the Behavioral Health Committee, a regional committee to advocate for and provide resources to fire responders and their families. He also co-founded the Sacramento

Regional Fire Diversity & Equity Task Force to connect underrepresented and financially disadvantaged persons to the fire service.

"There has been no greater honor in my career than serving as your Cosumnes Fire Chief," McLaughlin said in announcing his retirement. "I am extremely proud of our District standing as a highly skilled, innovative public safety leader in our community and with our brothers and sisters throughout the fire service." McLaughlin said he will spend the next several months helping to ensure the department has a smooth transition with the next Fire Chief.

Cosumnes CSD Planning, Design, and Construction

There have been some major changes within the Parks Planning section recently. The Planning, Design and Construction (PDC) section is now part of the Administrative Services Department. The PDC will still be responsible for delivering the new parks and park renovations that Elk Grove residents are accustomed to, but we will now also be responsible for new development and renovation of building facilities such as Fire Stations and Community Centers.

Our Board of Directors approved the District's [2020-2025 Capital Improvement Plan](#) in June which provides a blueprint for the planning and construction of all new park and building facilities as well as park and facility renovations. Some of the projects the team is working on include the 20 acre Oasis Community Park and 5 acre Singh and Kaur Park. Both parks which are located within the Laguna Ridge area of Elk Grove are in construction and are scheduled to be completed by the end of fall 2020. Although they may be completed, they won't be open to the public until 2021.

Over at Beeman Park the former Senior Center building is undergoing extensive renovations and upgrades. The building, now known as the Gil Albiani Recreation Center is being repurposed as a community center to serve the eastern Elk Grove community. The center is expected to open in the spring of 2021.

PDC staff are working on completing plans for the MacDonal Park Phase II project which is located in the Sheldon Pointe neighborhood in eastern Elk Grove. The project is scheduled begin construction in early 2021. Staff is working with architectural consultants to complete the construction plans for the new Fire Station #77 which is located on Poppy Ridge Road. The station will serve the new development areas of Laguna Ridge with Fire and Emergency Services. The project is expected to go into construction early 2021.
