## Teacher Biography

### KELLY CROISDALE

Kelly Croisdale has a Bachelor's Degree in English and gained over two decades of experience in the field of early childhood education. The first decade was spent running an in-home daycare for preschool age children and the following 10 years for Tiny Tot Preschools. She connects, listens and sees each child as an individual. She believes that meeting the needs of students starts with knowing who they are! As a member of the Elk Grove Artist Club, Kelly enjoys sharing her passion for art with her students. She also enjoys hula dancing, hiking, and spending time with pets and with her family.

Preschool gives children the independence and confidence to flourish mentally, socially and physically in a safe, loving and playful environment. Play based learning is important for children to exercise creativity and imagination while taking an active role in their own learning. Tiny Tot Preschools support play through child-initiated learning centers that are scattered throughout the classroom, intentional play activities and meaningful interactions. Kelly enjoys taking her classes outside to explore the senses in fun and exciting ways.

Teachers and parents create a wonderful team to better a child's education, and Kelly is looking forward to collaborating with you to make preschool successful and a fun first step in your child's education.
