

Tiny Tot Preschool

Teacher Biography

NATASHA ROACH

Natascha Roach truly loves teaching the preschool age group. She earned a Bachelor's Degree in Child Development and has worked in the preschool environment for over 30 years. Her family resides in Elk Grove and some of our hobbies include participating in the community events that Elk Grove has to offer, camping, boating and listening to music.

Preschool is a wonderful time in a child's life. It is the beginning of making friends and learning so many new things each and every day. Our play based program will bring many wonderful experiences and opportunities for learning and growing. The children are always proud of the work they create and are excited to show their newly acquired skills. Families have the opportunity to meet and create community connections that have the possibility of becoming family friendships. What a wonderful way to meet, become friends and create our Elk Grove community!

Preschool is a special time for children and a significant milestone in their lives as they begin to take their first steps on the path of education. In addition to developing the necessary skills that will serve as a foundation for their future learning, the students at preschool will develop relationships and attitudes about school that will impact their future school success. Our play based program strives to provide each child an opportunity to experience the joy of learning.

Natascha looks forward to a very exciting and fun year of preschool and welcome you and your child to Tiny Tot Preschools!
