

Tiny Tot Preschool

Teacher Biography

ROBBIE EDWARDS

Working with children has been a lifelong learning adventure, always changing, never boring and always fun! Robbie has been teaching in the Cosumnes CSD preschool program for 21 years while her years of early childhood experience extends to 30 plus years. She enjoys spending time outdoor activities with her family, camping, riding horses, and gardening.

Preschool is a magical time in a child's life as it is the first school experience. The "Wow Factor" is the expression she sees when a child learns, discovers, or sees something for the first time! Preschool introduces children to social skills like sharing and getting along with others. Children learn best when they can freely explore their environment: indoors, outdoors, and people around them. Children will learn with hands- on activities and experiences. Robbie strives to create a classroom where children can use all their senses to take in what they want to explore maximized with an intentionally engaged teacher. Each child is given the opportunity to play and be themselves.

Robbie looks forward to partnering with families to achieve a child's successful first school experience!
