EMERGENCY SERVICES MITIGATION FEES IN EXTRAORDINARY CIRCUMSTANCES	Resolution No: 2020-65	January 1, 2021

The Cosumnes Fire Department charges a fee for emergency response when certain conditions are met related to hazardous materials incidents, excessive false or malfunctioning alarms, arson, or illegal activities that require restitution.

Emergency Services Mitigation Fees

Description	Adopted Fee
<p>False Alarm – 1 Hour Minimum</p> <p>The fee shall be paid by the party giving false or malfunctioning alarm or the property owner whose alarm system give the false alarm. A false alarm is giving, signaling, or transmission to the Cosumnes CSD Fire Department, the Sacramento Regional Fire/EMS Communications Center, or to any officer or employee thereof, whether by telephone, spoken word, or otherwise, information that there is a fire or emergency at or near the place indicated by the person giving, signaling, or transmitting such information and there is found to be no need for Fire Department services. A written notice of the Fire Department’s response to the false or malfunctioning alarm will be provided to the owner/occupant of the building at the time of response. If the building is unoccupied, the notice will be posted in a conspicuous location. A fee is due when:</p> <p>The sixth third false or malfunctioning alarm is received from the same location within any 12-month period; or the false alarm is generated by a fire sprinkler/alarm contractor.</p>	\$ 207
Alarm System Malfunction – 1 Hour Minimum Same parameters as False Alarm fee	\$ 207
Hazardous Material Response	Actual Cost*
General Manager	\$ 195
District Counsel	\$ 197
Chief Administrative Officer	\$ 140

FIRE PREVENTION & INSPECTION – FIRE PROTECTION SYSTEMS FEES	Resolution No: 2020-65	January 1, 2021

The Cosumnes Fire Department charges fees for a wide range of fire prevention services, from new construction activities and special events to operational permits and annual inspections mandated by the State of California. These fees are supported by the California Fire Code and are designed to enhance the safety and well-being of the residents and visitors of the District.

The fee rates are based on the total cost of delivering the services, including direct costs such as salaries and benefits, indirect costs such as departmental administration costs, and district-wide support costs such as accounting, personnel, data processing, vehicle maintenance and insurance, etc.

The purpose of these fees is to recover costs related to, but not limited to, ensuring that fire alarm, sprinkler, and fire suppression systems are built and maintained to the California Fire Code.

Fire Protection Systems Fees

Description	Adopted Fee
Fire Alarm Systems 1 – 25 Devices	\$ 1,303
Fire Alarm Systems – Each Additional 25 Devices	\$ 351
Panel Swap Out	\$ 426
Fire Alarm Control Panel Communication Conversion	\$ 426
Fire Alarm System Minor Modifications (add/modify 10 or less devices to existing system)	\$ 513
Smoke Control or Smoke Exhaust System	\$ 2,036
Gas Detection System – Stand Alone	\$ 1,221
Fire Hydrant Flow Test	\$ 426
Stationary Fire Pump – Add-On or Stand Alone	\$ 1,742
Fire Sprinkler System 1 – 99 Sprinklers	\$ 1,918
Fire Sprinkler System – Each Additional 50 Sprinklers	\$ 331
Fire Sprinkler System Minor Modifications (add/modify 10 or less heads)	\$ 513
Residential Sprinkler System – Subdivision Model Homes	\$ 858
Residential Sprinkler System – Subdivision Production Homes	\$ 610
Residential Sprinkler System – Single Family Dwelling and/or Accessory Building	\$ 721
Sprinkler Plan Check – Tenant Improvement (11 – 25 heads)	\$ 777
Sprinkler Plan Check – Tenant Improvement (each additional 25 heads)	\$ 426
Standpipes (Temporary During Construction)	\$ 1,654

Fire Protection Systems Fees (continued)

Description	Adopted Fee
Riser Connection Stub-In	\$ 426
Clean Agent Extinguishing System or Equal	\$ 1,830
Commercial Kitchen Hood System	\$ 952
