Machado Dairy Park History

The Machado family has contributed greatly to the community life and activities of Elk Grove, Franklin and Laguna as well as to the agricultural industry, the local schools and the businesses of the area. The Machado Family farmed on the same land for the past five decades and took every opportunity to give back to the community. The dairy offered stable jobs for adults, provided 4-H programs for high school students, and was an excellent field trip location for elementary and preschool students.

The information within this document was created at the time of park dedication and may not be current.
